

The service and repair of MBRAUN gloveboxes and their components can only be carried out on presentation of this completed declaration about decontamination. The fully completed declaration must be submitted to the MBRAUN Service Department and checked before a component can be accepted. After inspection and approval of the completed declaration, MBRAUN Service issues a **return material authorization number as well as further shipping information**.

Note: The shipment of contaminated components may violate national and international regulations. Please note that a decontamination declaration is required for each device.

1. General Information

Project number of the MBRAUN system*:	
Company / Institute*:	
Street*:	
ZIP / Place*:	
Name*:	
E-Mail*:	
Reference-No. (Quotation, Acknowledgement, Order):	

2. Selection of device:

Component *:		
Serial number for analyzers and blowers*:		
Type and designation for pumps and valves*:		
Equipment of the box with special filters (e.g. LMF)	<input type="checkbox"/> Yes	<input type="checkbox"/> No
Reason for return:		

3. ONLY FOR ANALYZERS: Select order type*

Attention! Please note that the price between the different choices per analyzer varies.

Item	Description	Applies	Comment
1.	<u>Standard calibration</u> Calibration of my sensor without rental and without exchange sensor.	<input type="checkbox"/>	
2.	<u>Calibration certificate with initial readings</u> In addition to the standard calibration, the current deviation of your measured value is also determined. You will receive a calibration certificate with the initial values of your analyzers.	<input type="checkbox"/>	
3.	<u>Analyzer exchange</u> You will receive a calibrated sensor that you can install directly on your system. You keep this sensor permanently or until the next calibration. You send your defective sensor to MBRAUN for calibration/repair. This sensor is reused by MBRAUN.	<input type="checkbox"/>	
4.	<u>Rental analyzer</u> I would like to rent an analyzer for the time of calibration of my analyzer. After examining the declaration of decontamination, I receive from MBRAUN a calibrated rental analyzer corresponding functionally to my analyzer. After successful calibration and after verification of the declaration of decontamination for the rental device, I will receive my analyzer back from MBRAUN. I am obligated to return the rental analyzer to MBRAUN within 2 weeks of receiving my newly calibrated analyzer.	<input type="checkbox"/>

Legally binding declaration: I hereby assure that the information in this statement is correctly determined, sincere and complete. The transport of the contaminated product is carried out in accordance with legal provisions. We know that we are liable to the contractor for damages caused by incomplete and incorrect information.

I would like to receive an exchange analyzer.

After examining the declaration of decontamination, I receive from MBRAUN a calibrated exchange analyzer corresponding functionally to my analyzer. I am obligated to send my analyzer to be calibrated to MBRAUN free of charge (only for european customers) within 2 weeks of receiving the exchange analyzer.

If I do not send the analyzer to be calibrated to MBRAUN within the specified time limit, I will be charged the device at the original price. Upon delivery, the analyzer to be calibrated becomes the property of MBRAUN and the exchange analyzer becomes my property.

I would like to receive a rental analyzer for the period of calibration of my analyzer.

After examining the declaration of decontamination, I receive from MBRAUN a calibrated rental analyzer corresponding functionally to my analyzer. I am obligated to send my analyzer to be calibrated to MBRAUN within 2 weeks of receiving the rental analyzer. If I do not send the analyzer within the deadline, MBRAUN will invoice the value of a new analyzer.

After successful calibration and after verification of the declaration of decontamination for the rental device, I will receive my analyzer back from MBRAUN. I am obligated to return the rental analyzer free of charge (only for european customers) to MBRAUN within 2 weeks of receiving my newly calibrated analyzer.

If I do not send the analyzer to MBRAUN within the specified period, I will be charged the device at the original price.
