

**For Immediate Release:**

**Stratham, New Hampshire (2014)** Over the last 20 years, MBRAUN USA has grown to become a leading innovator in clean environment solutions. Today, MBRAUN provides complete system solutions (ex. OLED, Batteries, Pharmaceuticals) from standard research and development up to large scale manufacturing. This year, MBRAUN USA celebrates its anniversary by looking toward the future--continuing its tradition of innovation, business best practices, and providing the best solutions for the customer.
